

YEM FOUNDATION

Update regarding Board of National Directors (BND)

August 23, 2021

Dear YEM Holders,

Due to some unforeseen challenges caused by the pandemic situation in many countries, the BID has not been able to start connecting with the applicants as planned. Now that we have finished the new framework for our new YEM ecosystem, it is important to establish the BND as soon as possible.

Thus, we will start very soon to connect with all applicants, and we encourage all YEM holders to apply for the position as a National Director for their country if they see fit.

Thank you for your patience and understanding!

Your Board of International Directors
